CONTENU DE LA CASSETTE RTLM 0133 24/05/94**FACE A:**

* NKURUNZIZA Ananie de la RTLM compare les attaques des Inkotanyi, qui datent des années 1960, au feu de pailles ou de feuilles de bananiers.

* Les Rwandais, après avoir découvert la malignité du FPR, se sont décidés de se lever comme un seul homme pour défendre la souveraineté territoriale. Le journaliste HABIMANA Kantano les invite à éviter les faux bruits des gens qui les incitent à quitter leurs biens ou leur positions pour aller se réfugier ailleurs, soi-disant que le FPR est proche. Ainsi, la RFI n'aura plus rien à publier.

* Commentaires des journalistes Kantano et Ananie sur la défaite qu'a essuyé le FPR lors des attaques qu'il a menées à Kabakene, Muhima.

* Le FPR qui se dit "le mouvement du guérilla", la population s'en éloigne car il y choisit les gens à tuer, même les vieillards. NKURUNZIZA Ananie se demande s'il va gouverner les montagnes et que même s'il invite les nations étrangères en criant, les FAR vont remporter. NKURUNZIZA remercie la population de leur bravoure.

* Le journaliste HABIMANA Kantano s'inquiète de ce que l'Amnistie internationale s'intéresse du seul côté des Inkotanyi et n'attire pas son regard aux Hutus qui sont massacrés par le FPR et trouve que les auteurs du malheur rwandais sont ceux qui ont tué le président et le FPR qui a repris les hostilités.

* Les Tutsis, après avoir passé 2 mois ensemble avec les Hutus, sont enlevés par le FPR. Le journaliste Kantano est inquiet de ce qu'ils peuvent tomber dans les embuscades alors qu'ils n'ont pas de raison de se sauver.

Il continue qu'il faut empêcher la jeunesse de Biryogo, Rwampara, Kimisagara et ailleurs, à ne pas quitter leur positions pour aller se réfugier car si les FAR trouveraient la nécessité, ils leur traceraient la brèche pour les aider à se sauver.

FACE B:

* Le FPR a essuyé les échecs dans les attaques menées à Muhima, Rugenge, Kanogo et Rwampara. Commentaires de NKURUNZIZA Ananie de la RTLM.

* Selon HABIMANA Kantano de la RTM, les déplacés de Gitarama commencent à regretter car la vie est très chère là-bas et ne savent pas comment retourner dans leurs biens.

* Kantano trouve que les complices dans l'armée travaillent pour le camp du FPR à cause des avantages qu'ils attendent du gouvernement TWAGIRAMUNGU. Il donne comme conseil de leur donner d'autres attributions.

* Le FPR massacre les militaires et les membres de leurs familles. Kantano trouve qu'il faut la coalition pour remporter sur lui.

* NKOMATI de la RTLM encourage la population et les militaires à la bravoure.

Il y a des Inyenzi à l'aéroport de Kanombe. Mais cela ne veut pas dire que les choses se gâtent comme on serait en droit de les penser. C'est donc sans effort militaire que les Inyenzi sont arrivés à l'aéroport de Kanombe. Il se passait que le gouvernement avait donné son accord de principe pour que l'aéroport de Kanombe reste neutre et qu'il soit occupé par les militaires de la MINUAR. L'accord de principe donné, le gouvernement a donné des injonctions à l'Etat-major qui, après avoir réfléchi là-dessus, l'Etat-major a jugé bon de laisser l'aéroport de Kanombe entre les mains de la MINUAR. Mais lorsque les militaires rwandais ont quitté l'aéroport, et... parce que la raison d'être du camp Kanombe était aussi l'aéroport, ils ont quitté le camp et l'aéroport, les Inyenzi se sont précipités en chantant, en disant qu'ils ont occupé l'aéroport. L'aéroport qui devait être occupé par la MINUAR. C'est donc un repli en bonne et due forme qu'a effectué les forces... qu'ont effectué les Forces armées rwandaises. C'est donc à voir ce que la MINUAR va faire si les rebelles persistent à... à garder l'aéroport, si la MINUAR ne veut pas prendre ses responsabilités, les Forces armées rwandaises vont prendre les leurs, car l'aéroport de Kanombe doit servir à l'acheminement de l'aide humanitaire et non à l'approvisionnement du FPR à partir de l'Uganda.

Vous écoutez la Radio télévision libre des mille collines, RTLTM. Pour tous ceux qui sont restés sur leurs barrières, nous leur disons courage, qu'ils tiennent car les derniers moments (sous un fond sonore) sont les moments les plus difficiles (musique), ne pensez pas que l'armée ugandaise plus le FPR, ça peut faire partir les 90% des Hutus qui composent la population rwandaise. (La même chanson continue).
